Girls at The Tech Luncheon
Friday, May 1, 2020 | Santa Clara Marriott

At this annual event, 500 business leaders and high school girls will gather for an afternoon of mentoring. Supporters of our 2020 Girls at The Tech programming will receive priority seating* at this event.

*See inside for benefits grid for specific number of seats

Special Guest Speaker:
Esther Wojcicki
Legendary Educator, “The Godmother of Silicon Valley”, Author of the #1 Amazon Bestseller “How to Raise Successful People”

Luncheon Chair:
Diane Bryant, Chairman and CEO, Neural Analytics

SUPPORTING GIRLS IN STEM

Girls at The Tech Partnership Opportunities
Closing the gender gap is one of Silicon Valley's greatest challenges. The Tech, which touches the lives of hundreds of thousands of girls and young women every year, is committed to doing its part. We are building a pipeline of STEM opportunities for girls and young women that nurtures their interest, boosts their skills and solidifies their confidence in STEM.

**Our Approach**

The Tech’s approach to engaging girls in STEM is multifaceted and focuses on the following key areas:

**Access:** The Tech’s hands-on experiences with STEM — both on the floor of The Interactive and through signature programs like The Tech Challenge and The Tech for Global Good — are designed with girls in mind.

**Role Models:** The Tech connects young women with role models to explore the challenges facing women in STEM and strategies for navigating them.

**Career Exploration:** The Tech facilitates career exploration and leadership development opportunities for girls to plan a foundation for their future careers.

**Professional Development For Educators:** The Tech’s educator workshops help educators identify gender bias in the classroom and promote inclusive teaching practices.

Join us and together we will make sure that all girls thrive in a world driven by technology.

**Girls at The Tech Leadership Council**

**Our approach**

- **3,000+** girls and their families attended events for Girls at The Tech last year.
- **400+** educators received an average of 10 hours of professional learning through workshops at The Tech.
- **270** Silicon Valley business leaders and high school girls attended the sold-out Girls at The Tech Luncheon in May 2019.
- **1,085** girls participated in The Tech’s annual engineering design program, The Tech Challenge 2019, presented by Dell Technologies (43% of participants).

**Why partner with The Tech?**

- Your organization wants to help girls and boys succeed together in a world driven by technology.
- Diversity and inclusion are core beliefs of your organization.
- Your organization seeks ways to be a leader in building a more equitable future in STEM careers.
- Your employees will enjoy incredible team-building as volunteers at other Girls events at The Tech.
